UPS AND DOWNS.

FINANCIAL-

Most all of us have ups and downs. One day a man is cramped for the want of a few dollars. The next week he may have money to burn. When you are cramped for money it isn't necessary to do without it. Come at once to us. You can probably borrow \$10 or \$50 or whatever you need. Perhaps you could not get it at all. But that is improbable. Of course we do not loan to everybody who goes "broke." We discriminate. But we loan to surance compare the form on your policy with most anyone. There is no red tape about our business. We use our judgment. We loan money We practically advance salary. Those holding good permanent positions do not have to furnish security. They do not have to have their notes ndorsed. Their employers do not have to know that they are short of funds. They do not have to be under obligations to anyone. They can always be independent. Our terms are easy. We allow small weekly or monthly payments. We guarantee fair treatment. All transactions are kept strictly confidential. And our rates are low. Remember
